Northville officials celebrate 'State of the Community'

The recent State of the Community address in Northville drew a large crowd to hear updates from Mayor Brian Turnbull, Township Supervisor Mark Abbo and Northville Public School Superintendent Dr. RJ Webber. Business leaders, elected officials or their representatives, and other members of the community were among those who came to hear the speakers and network. The annual event was sponsored by the Northville Chamber of Commerce and Director Doug Wallace was the master of ceremonies.

Turnbull said downtown businesses are going strong and noted that two restaurants were recently featured on Fox TV.

He proudly noted that he and the other leaders speaking at the event work well together to help move Northville forward.

He provided an overview of new projects in Northville and explained that demolition has started on the Downs site and the redeveloped area will have new parks, residences and commercial space as well as a daylighted river. He noted that the riverwalk development starts at Ford Field, where the Randolph Drain flows into the Middle Rouge River, and will continue through the Foundry Flask site and onto the soon-to-be daylighted river at the Downs river park. He expects the entire riverwalk to be completed in 2027, just in time for the city bicentennial anniversary.

Ford Field is undergoing improvements with a new westside, barrier-free entrance and reconstruction of the Randolph Drain outlet into the river at Serenity Point in Phase I. A new playground and restrooms will come in Phase II. There are plans for tree trimming and removal in some places and buried utility lines to provide a scenic view into the park from downtown Northville.

The mayor noted that 6.5 percent of the city population is involved on boards, commissions and task forces to benefit the city.

He touted the championship trees in the city – four worthy of state recognition and two of national recognition. He said the old elm tree behind City Hall is being carved into a mustang (horse) at the top and historical artwork along the trunk.

Abbo spoke about the Michigan International Technology Center (MITC) that is being developed on Five Mile between Beck and Napier in Northville Township. The township received a $10 million grant from the state for MITC. He proudly touted the township triple-A bond rating, which he said is akin to a 850 credit score and said less than 20 communities in Michigan have that rating level.

The township received a "Top Workplace" award from the Detroit Free Press; he noted they were the first municipality in Michigan to receive it.

He mentioned the Parks and Rec award he received from MParks (Top Local Official) had his name on the award only because there couldn't be 32,000 names on it (the number of residents in Northville Township). He said the township has the privilege of converting 350 acres of former brownfield into Legacy Park, which was a long time in the making. The first phase of the trails will open this fall.

To address community needs, there is now a cricket pitch at the Marv Gans park and will soon open a new skateboard park, Abbo said.

Branching Out

Federal grant funds Canton Township tree replanting project

Canton Township officials dug in during a special event during the Annual Fishing Derby last week.

Township Supervisor Anne Marie Graham-Hudak was joined by U.S. Rep. Debbie Dingell, along with members of the township board of trustees and local residents to plant six trees to honor the six U.S. military branches. The tree planting project was funded by $20,000 in federal grant funds that were administered by the Michigan Department of Natural Resources (MDNR) to replant some of the hundreds of trees damaged or destroyed in and around Heritage Park during the August 2023 tornado that briefly touched down in the community.

Branches of the military honored with a Columnar Oak tree in Heritage Park near the township veteran's memorial included: the Army; Marine Corps; Navy; Air Force; Space Force; and Coast Guard.

Funding for this grant comes from the United States Department of Agriculture Forest Service's Urban and Community Forestry program, which requires one-to-one matching funds for projects on non-federal, public lands or lands open to the public. The Canton tree restoration project utilized the grant funds to add 83 trees to Heritage Park and 21 trees to Griffin Park. Five species of new trees were introduced that are not part of the current township inventory. These include the American Beech, Bitternut Hickory, Black Tupelo, Cucumbertree Magnolia, and Katsura. All of these trees were selected for their ability to thrive in soil with fluctuating moisture and salt conditions, to adapt to changing environmental conditions, as well as their ability to withstand storm damage, officials said.

Canton officials are joined by Congresswoman Debbie Dingell and other participants during Canton Township tree planting ceremony in Heritage Park. Photos courtesy of Canton Township.

"Canton is grateful to have received this grant from the Michigan Department of Natural Resources that will help support our goal to create a greener, more resilient, healthier community for everyone," stated Marie Graham-Hudak.

"These federal funds have helped the township replace the damaged trees in our parks that play such an essential role in contributing to the overall aesthetics and livability of our community."

Canton Parks and Planning Services staff collaborated on this tree restoration plan to plant a total of 100 trees in Heritage Park and Griffin Park this spring.

New state representative takes official oath of office

Former Westland Councilman Peter Herzberg is officially sworn into office.

State Rep. Peter Herzberg (D-Westland) recently took his oath of office to serve out the remaining term of the 25th House District, which comprises all of Wayne, most of Westland, and parts of Canton and Dearborn Heights.

The seat has been vacant since late last year, when former state Rep. Kevin Coleman was elected mayor of Westland.

"I am honored to serve as state representative of my hometown," Herzberg said. "I look forward to pursuing priorities that will propel our community forward. As we prepare next year's budget, I will work to bring home investments that will have a lasting impact for folks in my district and for Michiganders across the state."

Herzberg grew up in Westland, near Warren and Wayne roads, and has lived in the same neighborhood for his entire life, now with his wife and daughter. He said he loves his community and has served in various nonprofit organizations, such as the Westland Festival Committee and the Westland Veterans Association. His strong community-oriented spirit has led him to help raise funds for Alzheimer's research, juvenile diabetes research and the Westland Veterans Memorial Garden and Camp Liberty, he added.

"I look forward to working with my colleagues on both sides of the aisle to put the people of Michigan first. This Legislature has been historically productive, but there's more work to do to keep moving Michigan toward a better and brighter future," Herzberg continued.

Canton Sports Center celebrates $1,2 million renovation

Canton Township Supervisor Anne Marie Graham-Hudak, along with the Canton Township Board of Trustees and other dignitaries, celebrated the grand reopening of the Canton Sports Center following completion of a $1.2 million renovation project at the facility.

Upgrades made to the sports center include the installation of a new state-of-the-art MUSCO sports LED lighting system that will improve on-field lighting and visibility in all 12 softball fields, reduce energy consumption, and enhance the overall experience for players and spectators, officials said.

Additional improvements include the replacement of much of the concrete sidewalks surrounding the facility, as well as the replacement and expansion of asphalt paths leading up to the 12 softball fields. These renovations follow the improvements made to the inside of the Canton Sports Center facility, that include a dining area makeover to Kicker's Bar & Grill, a full-service restaurant located inside the building. These improvements include an updated look with a new paint color scheme, booth cushion replacements, and the installation of all new windows, according to township officials.

"One of the many goals of this project was to deliver superior upgrades to this premier sports complex that will provide an improved experience for everyone who visits," said Greg Hohenberger, director of Canton Leisure Services. "In addition, it's important to increase energy efficiency, as well as minimize the amount of light cast and reduce night sky pollution, which this new sports LED lighting system should accomplish."

The Canton Sports Center, located at 46555 W. Michigan Ave., features a 12-diamond lighted softball/baseball operation with state-of-the-art facilities, as well as Kicker's Bar & Grill. The complex annually plays host to several national tournaments that produce a significant economic impact to the area; at times generating more than $1 million in revenue for area businesses, officials noted.

For additional information about the Canton Sports Center, visit csc.canton-mi.org, or call (734) 483-5600.

The 'Light Up the Park' event participants are featured in action during the special ceremony with the official first pitch provided by Canton Supervisor Anne Marie Graham-Hudak before the game between the 9U Canton Cardinals and the 9U USA Diamond Kings. Photos courtesy of Canton Township

Northville

From page 1

The new Essential Services Complex, public safety headquarters, being built on 15 acres at Legacy Park received a $1 million grant from U.S. Rep. Debbie Dingell's office to replace the communications system for public safety.

Webber expressed his appreciation to voters who renewed the school bond in 2023, which provides $134.4 million to the school district while maintaining the current debt millage rate for taxpayers. That money has been applied to infrastructure upgrades at Meads Mill School and district wide, technology purchases for students and teachers, and program enhancements, he said. He touted the new, full-day Young 5's program that starts in the fall and provides activities and lessons for children. Because it's free, it will save parents a considerable amount on day care, he explained. Webber also mentioned an underwater "drone" program, the SeaPerch project that uses remotely operated vehicles (ROVs) to perform several functions. They were tested by engineering students at the Northville High School pool. Webber called all first responders in attendance to the stage to thank them for their service.

CITY OF ROMULUS
INVITATION TO BID
ITB 23/24-15 UPFITTING POLICE UTILITY INTERCEPTORS

The City of Romulus, Michigan Police Department is seeking bids from qualified companies for the upfitting of purchased new Ford Police Utility Interceptors.

(1) Qualified individuals and firms wishing to submit a bid must use the forms provided by the City. Official bid forms and specifications may be obtained from the MITN Purchasing Group page of BidNet Direct (http://www.mitn.info/). Bids may be rejected unless made on the forms included with the bidding documents.
(2) Contractors that desire to submit a bid can view the equipment that will be removed from existing vehicles as part of this solicitation at the City of Romulus Police Department located at 11165 Olive Street, Romulus, Michigan. Viewing will be by appointment only and appointments must be completed no later than 12:00 noon, 5/17/2024. To schedule an appointment Contact Captain Roger Salwa at 734-942-6861 or email Captain Roger Salwa at rsalwa@romulusgov.com.
(3) Questions must be emailed to Purchasing@romulusgov.com and received no later than 12:00 PM Local Time, 5/17/2024.
(4) Clarifications, modifications, or amendments may be made to this solicitation at the discretion of the City. Any and all addenda issued by the City will be posted on the MITN Purchasing Group page of BidNet Direct. All interested parties are instructed to view the MITN website regularly for any issued addenda. It is the responsibility of the bidder to obtain all issued addenda and acknowledge receipt of said addenda by including a printed copy of each addendum as part of the required documents for this solicitation and to list the addendum and sign and date the "Acknowledgment of Receipt Addenda Form: supplied in the bid documents.
(5) A total of two copies (one marked "Original" and one marked "Copy") of the bid must be submitted together in one sealed package/envelope and returned to the ***City Clerk's Office*** no later than 2:00 P.M., **Thursday, 5/30/2024.** Bids should be addressed using the bid package label provided in the solicitation documents or submitted electronically on the MITN Purchasing Group page of BidNet Direct.
(6) At approximately 3:00 p.m., local time **5/30/2024**, all timely received bids will be publically opened and read.
(7) The City reserves the right to postpone the opening without notification and also reserves the right to reject all bids and to waive any minor informality or irregularity in bids received and to award the bid in whole or in part. Ultimately, a contract may be awarded to the lowest most responsive and responsible company, as determined in the sole discretion of the City of Romulus or otherwise in a manner deemed by the City to be in its own best interest.
(8) The successful Bidder will be required to submit proof of all bonds and insurance required by the solicitation documents and copies of all required endorsements.
(9) For additional information contact Gary Harris, City of Romulus, Purchasing Director by calling (734) 955-4568 or by emailing Purchasing@romulusgov.com .
(10) The City of Romulus strictly prohibits the reproduction or publishing of any published document or solicitation without the express written consent of the City of Romulus. Unauthorized posting of any notice of these documents or reference to said documents or solicitations is strictly prohibited.
